

B Category Flight Instructor vacancies at North Shore Aero Club

Over the past 50 years the North Shore Aero Club has developed into a substantial flight training organisation, and is now one of the biggest Aero Clubs in New Zealand. We currently have a team of 13 instructors and a fleet of 12 aircraft. We hold an Aviation Training Organisation Certificate issued by the CAA under Part 141, are a registered NZQA Private Training Establishment, and have NZQA Accreditation to offer the Diploma in Aviation.

To satisfy our ongoing flight training commitments we have vacancies for B Category Instructors.

Applicants will (preferably) have all instructor endorsements removed, as successful applicants will be expected to give (ideally) flight and ground instruction towards:

- PPL
- CPL
- night rating
- multi-engine rating
- instrument rating
- C-Cat Instructor rating (previous experience teaching C-Cat candidates is highly desirable)

Also desirable is knowledge of Safety Management Systems, Quality Management, Maintenance and Document Control.

Suitable instructors will:

- have previous aero club experience (as instructor or student)
- work with exemplary people skills in a highly professional manner
- maintain an exceptional standard of instruction
- promote all aspects of safety as a senior instructor and role model to both students and junior staff

Above all it is expected that those instructors will quickly become an integral part of our instructor team here at NSAC.

Please send a cover letter and CV (with references) to:

Daryl Gillett
Chief Flying Instructor
